

Tampa, Florida

Emerald Greens Golf Resort & Country Club

Emerald Greens Golf Resort and Country Club is Tampa's premier destination. Conveniently located 15 minutes from Tampa's International Airport, Emerald Greens Golf and Country Club offers its members and guests first class service and a distinctive Club experience. As one of the only private country clubs in the Tampa area to feature 27-holes of championship golf, your Tampa golf school is sure to be an enjoyable golf vacation. The three nines, the Cypress Course, Meadow Course and the Pine Course provide three 18 hole combinations of outstanding golf. Each of these well-designed golf courses offers our students a truly delightful golfing experience.

The course features the redesign of the renowned golf course architect, Dan Maples. The Maples family has a long-standing tradition of creating stunning and challenging golf throughout the country. The roots began in the late 1800's and continue today through the craftsmanship of Dan Maples. The Maples family, since Dan's great grandfather James, has been involved with golf either as professionals, superintendents, builders or architects. After receiving his bachelor's degree in landscape architecture in 1972 from the University of Georgia, Dan went on to be a club pro for two years before joining his father in course design and construction. Since then, Dan has become one of the most successful golf course architects in America, having designed and constructed 17 of the country's most respected courses. Dan Maples has brought a talent to the golf course architecture business rarely seen. Each of his designs blend wonderfully within their respective environments and provide golfers with experiences that they will not soon forget.

Emerald Greens is set upon a lush rolling landscape, with courses that are unparalleled in quality. It is the only golf course in Florida designed by Dan Maples, the renowned architect noted for his phenomenal work in the Sand Hills of North Carolina. The resort offers 27 holes of championship golf on its private golf course. The course has four sets of tees, offering 6940 yards of golf from the longest tees. The clubhouse features two dining rooms, The Terrace Bar and Grill and the Emerald Room, two large banquet rooms, a fully stocked golf pro shop and locker rooms for men and women.
